

WE
ARE
DYNAMIC.

MEET JOHN

HE'S OUR OWNER & MANAGING DIRECTOR

JOHN DIDN'T THINK IT WAS RIGHT TO TALK ABOUT HIMSELF, THEREFORE HE ASKED THE VIEWS OF OTHERS. HERE'S WHAT THEY SAID.

"What John doesn't know about Electronic Manufacturing in the UK, isn't worth knowing."

"John has built a dedicated and loyal team in Dynamic EMS, who put the customer into the centre of everything that they do."

"John is all about developing long-term relationships, whether that be with his internal team, his suppliers, or his valued customers. He looks to futureproof every process to ensure that everyone and everything maintains its/their health and wellbeing."

If you've read the Dynamic EMS website, tuned into their social media channels and watched their short films on YouTube and think that John and team Dynamic can help you, John's the man to reach out to. His plan is to build Dynamic EMS, one valued customer at a time, with likeminded companies who value their service proposition and are interested in becoming part of their business 'family'.

John is here to answer all your questions regarding; EMS, Supply Chain, the UK Manufacturing Industry and what it takes to guarantee a successful partnership.

JOHN DIGNAN
