MEET SHARON

SHE'S OUR MATERIALS MANAGER

THE WORLD OF PLANNING AND BUYING IS A 'DYNAMIC' ONE. HAVE YOU EVER BEEN INTO A PURCHASING OFFICE? THE PHONE IS RINGING, EMAILS ARE PINGING IN AND THE ATMOSPHERE IS ELECTRIC. I LOVE IT!

In 2018 alone, we've managed the convergence of tech, the M&A activities of the OCMs, component lead-time extensions, and the word obsolescence is back on the table!

Our team manages all of these challenges and we build solutions in partnership with our strategic suppliers. Keep smiling as 2019 is shaping up to be just as disruptive, which is why it benefits Dynamic EMS to be so flexible and adaptable.
