DYNAMIC.**

MEET GORDON

HE'S OUR PROCESS IMPROVEMENT MANAGER

THERE'S NOT BEEN ONE OPERATIONAL ACTIVITY THAT I'VE BEEN INVOLVED IN THROUGHOUT MY 20+ YEARS WITH TIER I EMS COMPANIES THAT I'VE NOT BEEN ABLE TO IMPROVE. AT DYNAMIC EMS, WE WORK TO AN OPEN BOOK POLICY, WE REVIEW EVERY ANGLE TO MAKE WORKING WITH DYNAMIC EMS EASY.

We are the go-to company for all things electronic manufacturing, and I class myself as the go-to person within Dynamic EMS for all things operational. We display manufacturing excellence through our Lean principles, combined with our Scottish culture of zero waste. It's a match made in electronics manufacturing heaven.

You can come to me with an idea on a napkin and I will help you through to product realisation, detailing every step along the supply chain. That's my idea of fun!
