MEET STEVEN

HE'S A KEY ACCOUNT MANAGER

I'M A RELATIVELY NEW MEMBER TO TEAM DYNAMIC. I WAS BROUGHT IN TO SUPPORT THE INCREASED NUMBER OF NEW CUSTOMERS, AND SO FAR, SO GOOD. THERE IS INTENSE DIVERSITY AND VARIETY WORKING WITH CUSTOMERS FROM ALL DIFFERENT MARKET SEGMENTS, INCLUDING BUT NOT EXCLUSIVE TO; AVIATION, COMPUTING AND COMMUNICATIONS, ENERGY, INDUSTRIAL, MEDICAL, AND SAFETY AND SECURITY.

Solving problems suits me to a tee as I've been told I'm a natural born problem solver. I support customers through forecast fluctuations, varying demand and supply schedules, and lead-time nuances. These variances allow me to not simply support my customer's expectations but exceed them.

I'm incredibly detail orientated and actually geek out on spreadsheets and schedules. I love a good process and enjoy the level of supply chain transparency and traceability that the Dynamic systems have.

Come to me to ask about how we could take care of a business like yours, in our own unique way.
