

WE  
ARE  
DYNAMIC.

MEET VIKKI

SHE'S OUR HR MANAGER

WELCOME TO THE COMPANY. WE ARE A COMPANY WITH 100+ PEOPLE,  
YET WE VERY MUCH HAVE A FAMILY FEEL.

We work closely with our customers to make sure we have a good working relationship which is great to see and be part of. Some of our customers are involved in the medical industry, the aviation industry, the communications industry etc. Most excitingly though, we've assembled circuit boards that are used by NASA - how cool is that?!

The team at Dynamic EMS display their dynamism by putting their full energy and passion into everything that we do!
